KEYLESS ENTRY SYSTEMS FOR SMARTER HOMES

R7

The Keyless Smartlock

FINGERPRINT

KEYPAD

BLUETOOTH

SWIPE CARD

KEY

With its sleek and ultra thin design, the R7 is dressed to impress in gold, silver or black. The R7 Keyless Smartlock is all about convenience; easy to install for any DIY handymen.

UNIQUE DESIGN

The front of the R7 Keyless Smartlock is a mere 13mm thick. It's designed to be unobtrusive, but at the same time look amazing. With a finish in zinc alloy this lock is slick and durable. With the usual rigorous testing that we expect from Kaadas locks, this lock is also designed to last.
