

SAMSUNG SDS

Samsung  
**SMART** Doorlock

*Who is it?*

Lock Knows Who Opens for  
**Keyless & Safe**

**SHS-H705**  
(SHS-5230)

## Convenient Feature

### Wide Touch Pad Screen

### Automatic Sliding Cover

Wake-up button will open the fingerprint reading panel automatically.

### User-friendly Accessibility

User Access Code

Biometric Access System

Mechanical Override Keys

### Low Battery Warning Signal

Replace batteries when a 'beep' sound is heard during door access.

## Enhanced Safety

### Double Authentication Mode Fingerprint and User Access Code

With double authentication mode set up, both user access code and fingerprint must be authenticated to open the door, strengthening security. (Optional)

### Fingerprint Marks are No Longer a Concern

User access code will be pressed after pressing two random numbers, preventing intruders from checking the fingerprint marks left.

2 random numbers appear before entering user access code

Press the user access code

Impossible to guess user access code due to random fingerprint marks

### Anti-theft Mode (one button-one touch)

When leaving, the user can set up the anti-theft mode by simply pressing the  button, preventing tampering by creating a warning sound.

## Body Part Names
